

TEXAS TEN HORNS

"The Closest You'll Get to The Old West"

THE TEN HORN GAZETTE

MAY, 2013

Here it is, mid May already and it seems to me like the new year has barely started. Mother's day is tomorrow and I hope all you mothers out there have a happy stress-free day. If you are blessed by having your mother still around be sure and let her know you are thinking of her today.

This coming Saturday, May 18th, we will have a range work day and do some more improvements to the range. Call Diablo to get details of what we are needing to do and what tools to bring. The two shaded areas will sure be great to have this summer when it really gets hot!

We had our New Shooter's Clinic today and were happy to have 15 shooters participate in this annual event. We want to welcome all the members who came out to help with the clinic too. We could not do these clinics without the great men and women who show up to help put these clinics on. Everyone who signed up seemed to have a good time when asked and hopefully we'll see them again soon. Parson Black, the owner/operator of The Top Gun Gun Range over by Leonard came by and told the new folks about his Cowboy Action Practice shooting facility on Highway 78 about 4 miles west of Leonard. He and his lovely wife Phyllis stayed around and answered questions about what they have to offer at his range. It was good to see them here. We also had David Peterson of Peterson's Leather come join us and set up a table to display some of his leather goods. Thanks David for coming out and showing these new folks what good quality leather goods you have to offer.

Upcoming matches include the Senior Games over at the Bar-3 next weekend. You can go to their website for details at www.badlandsbar3.com. Of course we will have our regular SASS matches on May 25th and 26th. No news yet about the Tyler

club, the Texas Peacemakers being open again soon. When I hear they have a date that they are back open I'll let y'all know. The Texas Troublemakers will have their first Saturday match in June. If you have not shot there yet they are a fun group to shoot with there in the piney woods south of Brownsboro.

This summer the movie about The Lone Ranger will be out. Not quite a western but with a little of a western flavor, the TV series Longmire on A&E starts it's second season on Memorial Day evening. Many of my fellow cowboys that I've spoken with about the show tend to like it.

Diablo has chosen to change things up a bit on the second Saturday. We are now going to shoot not just the Extreme SASS and Cody/Dixon matches we've been offering for some time but you now can shoot Wild Bunch matches on that day.

Well, I've rambled on long enough for now. Remember, if you wish to help with the range work day next Saturday give Diablo a call.

Happy trails,

Lethal Larry
